## PERSONAL STATEMENT

Passionate and detail-oriented UX/UI Designer and Front-End Developer with a strong foundation in visual design and web technologies. I create intuitive, practical digital solutions by combining thoughtful design with efficient development. I bring additional creative strength from my background in 3D graphics and motion design.

Currently exploring AI tools such as Chat GPT, Figma AI, GitHub Copilot, and Cursor AI to enhance ideation, streamline workflows, and improve both design and development efficiency.
